

Chronic Disease Management plans at Bellbird Sports & Spinal

Thank you for letting us know that you will be attending Bellbird Sports & Spinal under a Team Care Arrangement plan for Chronic Disease Management or CDM, (also known as Enhanced Primary Care or EPC).

We require on or before the date of your appointment:

- A current CDM (EPC) referral form from your G.P. This form has on it the referral date, number of Physiotherapy or Podiatry treatments referred for, Doctor's name, address and provider number, and your Medicare number.

All consultations will be billed at our normal consultation rates. You will be required to pay in full for your consultation at the time of the appointment. Please note that you are unable to claim under Private Health Insurance if you are claiming through the CDM system.

If you have provided a current CDM (EPC) referral form from your G.P., as above, and present your Medicare Card the receptionist can submit your claim to Medicare once your account has been paid. If your claim is accepted, Medicare electronically transfers the rebate to your account. The current CDM (EPC) Medicare Rebate is \$52.95.

For more information about CDM check www.health.gov.au

Yours sincerely,

Bellbird Sports & Spinal

Physiotherapy - Pilates - Hydrotherapy - Myotherapy - Podiatry
